Craft a Legacy

Protect yourself and family for years to come with products that have been expertly crafted. Our systems are built to last through time and weather, and prioritize safety with non-combustible, fire-resistant features.

Safety First, Always

From harsh climates and natural disasters to unwanted guests – Longboard is engineered to withstand weather and pests. Our cutting-edge designs ensure your cladding investment is protected for decades.

Embrace the Beauty

Longboard systems don't require any constant upkeep. As you build houses that are destined to be well-loved homes, trust in Longboard for lasting quality, longevity, and beauty. Each plank reflects 20 years of empathetic expertise in customer satisfaction.

Flawless Finishes

We believe that your home should reflect your unique taste, that's why our systems come in a variety of styles, colors, and textures. Choose from 60+ solid color, specialty, and woodgrain finishes. The pre-treatment chemicals we use contain no chromates, cyanides, phosphates, or other metals listed by the EPA or OSHA.

Cost-Effective Constructions

Our products not only enhance the aesthetic appeal of your home but also proves to be a wise financial investment. Crafted with durability in mind, benefit from a low-maintenance design, saving you both time and money in upkeep over the years.

Prominent Profiles

Each profile is meticulously designed to not only enhance the visual appeal of your home but also to provide durability and protection against the elements. Whether you're seeking a classic look or a cutting-edge design, there is a profile suited for every architectural style and individual taste.

We offer a vibrant spectrum of over 50 colors, Scan the QR code to explore all of our Finishes at Longboard Architectural Products.
