

**LONGBOARD®**  
INSPIRING ARCHITECTURE

# PINNACLE WARRANTY

At Longboard, we recognize the significance of reliability, endurance, and assurance when investing in our products. That's why we provide an extensive warranty, ensuring complete coverage for any repair expenses, including the removal and reinstallation necessitated by a manufacturing defect or failure. This coverage encompasses all materials, labor, and additional support costs. With our steadfast commitment to excellence and longevity, your project will continue to impress for years to come. By assuming responsibility for any product defects or failures and covering associated costs, we aim to inspire confidence and peace of mind among our clients, reaffirming our dedication to delivering durable solutions.

## 15 to 20-Year Finish Warranty

At Longboard, we understand the importance of durability, longevity, and peace of mind when it comes to your investment.

Longboard's relentless focus on quality and durability ensures your project continues to impress decades later. We aim to instill confidence and peace of mind in our clients, assuring them we stand by the durability of our offerings.

The Pinnacle Warranty covers all costs associated with repair, including removal and re-installations should there ever be a product defect or failure up to 2.5 times the original end-user material cost.

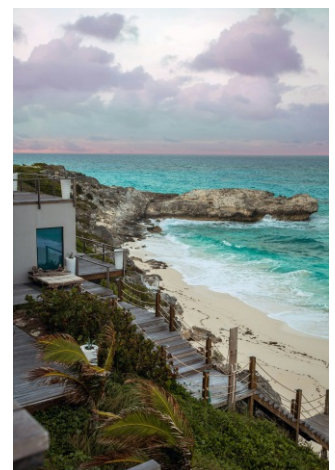

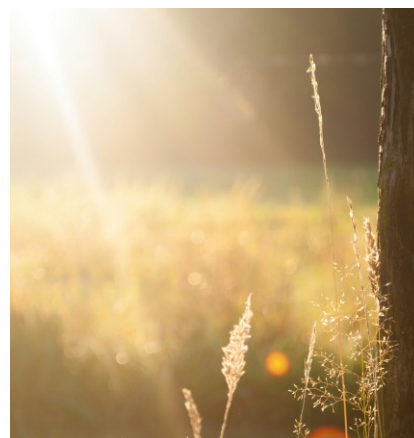

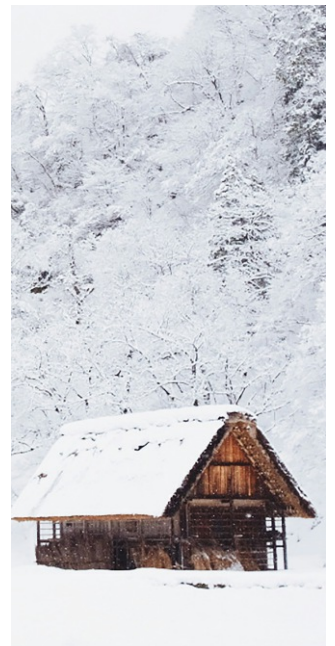

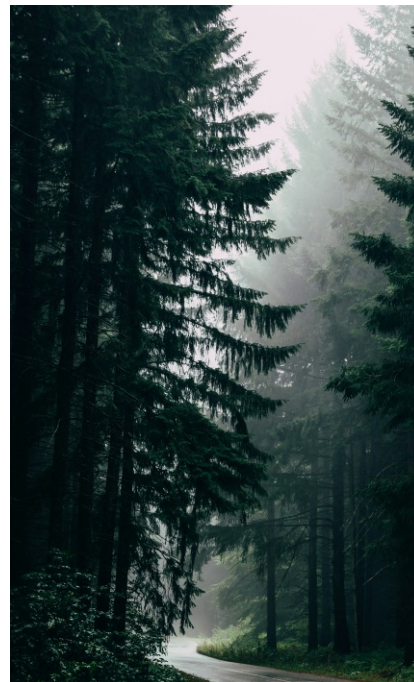

**Warranty packages are non-prorated and include a 50 year limited warranty for any extruded aluminum profile.**

- Uncompromising Quality
- Unmatched Durability
- Client Satisfaction
- Peace of Mind

## We Guarantee the Peace of Mind You Deserve

- Covers all standard manufactured products.
- Protects material from checking, cracking, chalking, color & gloss fade, as well as adhesion for the first 15 to 20 years.

Longboard is a certified AAMA 2604 and AAMA 2605 applicator and has adopted the AAMA 2604 performance standard as a minimum threshold for any of its exterior finishes and product offerings. All finishes are rigorously tested for corrosion and weathering resistance to ensure that it will stand up and deliver superior performance in the built environment.

We offer a vibrant spectrum of over 50 colors, Scan the QR code to explore all of our Finishes at Longboard Architectural Products.
